Hear more from our students

"The course I studied at ACBI has been very useful! I already have a full-time job lined up in sustainability starting in October! I can't wait to get started and apply what I have learned."

Max Klay

"I want to thank all the members of ACBI especially the academic support, student support and my teacher Emilia, whose professional and student-focused teaching methods greatly enhanced my learning experience. I am delighted with the new skills I have gained and look forward to applying them in my future endeavours."

Kathien Diaz

"Having successfully completed study at ACBI earlier this year, I can attest to the course relevance and comprehensiveness. I knew very little about sustainability, but now have a much clearer understanding of the reporting requirements as well as the context in which it exists."

Karina Graham

Artificial Intelligence

11287NAT

Diploma of Artificial Intelligence

COMMITTED TO STAYING AHEAD

As industries rapidly embrace artificial intelligence, there has never been a better time to build a solid foundation in AI. Gaining a clear understanding of core AI principles and how to apply them in real-world contexts can give you a powerful advantage in today's evolving job market.

Whether you work in sales, marketing, customer experience, human resources, or leadership, developing AI literacy can boost your productivity, sharpen your decision-making, and ensure you use these technologies ethically and strategically.

Diploma of Artificial Intelligence

As companies across industries race to integrate AI into their offerings, now is the perfect time to pursue a Diploma in Artificial Intelligence and stay ahead of the curve

This qualification will enhance your ability to leverage AI to improve efficiency, make informed decisions, and drive innovation, all while ensuring ethical and responsible use of these powerful technologies.

Pathways to further study: Earn up to 80 credit points towards the Bachelor of Business at AIBI Higher Education when you complete this qualification.

COURSE CODE
11287NAT

CRICOS CODE
116943M

DURATION
Full Time Cricos: 52 Weeks
Full Time Domestic: 50 Weeks

DELIVERY MODE
On Campus | Online (Domestic Only)

CAREER OPPORTUNITIES

This qualification is designed to enhance your current skill set and learn how to better use Artificial Intelligence, regardless of position or industry. You may also wish to navigate into a more AI-focused role such as one of the below:

- Data and AI Sales Specialist
- AI Optimisation (AIO) Writer
- AI Customer Experience Manager

ENTRY REQUIREMENTS

Our entry requirements for this qualification include:

- Initial assessment of the applicant's individual learning needs and Language, Literacy, Numeracy, and Digital (LLND) skills to determine course suitability.
- Completed Australian Year 11 or equivalent
- IELTS 6.0 English language equivalence for non-native English speakers
- Be 17 years of age or older (domestic students), or be 18 years of age or older (international students)

WHAT YOU WILL LEARN

- Develop practical skills using AI tools to enhance business efficiency.
- Understand ethical considerations and responsible deployment of AI technologies.
- Gain industry-relevant competencies aligned with current AI demands.
- Use AI to create engaging content
- Analyse business data using AI techniques to make forecasts.
- Identify opportunities to integrate AI into business operations.

Work Health & Safety

BSB41419

Certificate IV Work Health and Safety

WORK SMART, WORK SAFE

Work Health and Safety (WHS) is a critical field focused on protecting the wellbeing of people in the workplace. It involves understanding and managing potential hazards, implementing safety protocols, and ensuring compliance with laws and regulations. WHS professionals play a key role in creating environments where employees can perform their work safely, reducing the risk of injury, illness, and accidents while promoting a culture of safety across all levels of an organisation.

Beyond compliance, WHS is about proactive risk management and fostering a safe workplace culture. This includes assessing potential risks, developing emergency response plans, and continuously improving safety practices.

Certificate IV in Work Health & Safety

Project Management

BSB50820

Diploma of Project Management

BSB60720

Advanced Diploma of Program Management

MAKE CHANGE HAPPEN

Projects are the key drivers of success in any business, but their true value depends on how well they are managed. A well-organised project ensures systems are in place to deliver successful outcomes.

As a project manager, you have the versatility to work across industries, driving change and growth while optimising business performance at the highest level.

Diploma of Project Management

COURSE CODE
BSB50820

CRICOS CODE
104061M

DURATION
Full Time: 52 Weeks

DELIVERY MODE
On Campus | Online

The qualification is your gateway to mastering the skills needed to lead successful projects from start to finish. Whether you're looking to boost your career or step into a project management role, this nationally recognised qualification gives you the tools to manage timelines, budgets, risks, and teams with confidence. Perfect for both up-and-coming and seasoned professionals, this diploma will help you deliver standout results and take your career to the next level.

CAREER OPPORTUNITIES

The Diploma of Project Management can lead to a range of career outcomes, including:

- Project Coordinator
- Project Administrator
- Project Manager
- Project Team Leader

ENTRY REQUIREMENTS

Our entry requirements for this qualification include:

- Initial assessment of the applicant's individual learning needs and Language, Literacy, Numeracy, and Digital (LLND) skills to determine course suitability.
- Completed Australian Year 12 or equivalent
- IELTS 6.0 English language equivalence for non-native English speakers
- Be 17 years of age or older (domestic students), or be 18 years of age or older (international students)

WHAT YOU WILL LEARN

- Plan, execute, and close projects effectively using project management frameworks.
- Manage project constraints including scope, time, cost, and quality.
- Lead teams, engage stakeholders, and monitor project performance.
- Apply practical project management skills to real business scenarios.
- Develop innovative solutions that can be applied throughout your professional career.

Advanced Diploma of Program Management

COURSE CODE
BSB60720

CRICOS CODE
104450J

DURATION
Full Time: 52 Weeks

DELIVERY MODE
On Campus

Unlock your potential with our qualification for aspiring leaders in program management.

This comprehensive course builds the skills to manage complex projects, lead organisational change, and guide teams to success. Through practical, real-world applications, you'll learn to navigate program complexities, engage stakeholders effectively, and deliver strategic initiatives that achieve measurable results.

CAREER OPPORTUNITIES

- Project Director
- Project Management Section Leader
- Project Manager

ENTRY REQUIREMENTS

Our entry requirements for this qualification include:

- Completed Australian Year 12 or equivalent
- IELTS 6.0 English language equivalence for non-native English speakers
- Be 17 years of age or older (domestic students), or be 18 years of age or older (international students)

Entry to this qualification is limited to those who:

1. Have completed one of the following qualifications:
 - BSB50820 Diploma of Project Management; or
 - BSB51415 Diploma of Project Management (or a superseded equivalent version).

OR

2. Have completed two years equivalent full-time relevant workplace experience at a significant level within a project or program environment within an enterprise.

WHAT YOU WILL LEARN

- Coordinate multiple related projects within a program to achieve strategic objectives.
- Implement program-level planning, risk management, and governance.
- Foster collaborative relationships and ensure alignment across projects.
- Develop the skills to create and manage contractual agreements between clients and vendors.
- Identify and manage program risks through the creation and application of detailed risk management plans.

WHY STUDY A SHORT COURSE?

Our short courses are designed to give you practical, industry-relevant knowledge that you can apply right away. Whether you're upskilling, exploring a new career path, or expanding your expertise, a short course is the perfect way to learn fast and move forward.

WHO IS THIS TRAINING FOR?

- **Professionals** who want to stay ahead in their careers by gaining practical, up-to-date skills that can be applied immediately in the workplace.
- **Teams** who want to improve performance, collaboration, and confidence through focused, real-world training.
- **Businesses** who want to invest in their people and drive success. We offer customised training solutions tailored to your organisation's goals.
- Anyone who wants to learn something new, boost their confidence, or explore fresh opportunities. Our short courses and micro-credentials are open to learners of all backgrounds.

HOW YOU WILL LEARN

- Learn independently or on-site with one of our expert trainers.
- Be taught by professionals who actively work in the industry.
- Choose from existing short courses or build your own by customising units across different study areas.
- Receive tailored support throughout your training journey.
- Organisations and individuals can access fully customised training solutions based on their goals and skill gaps.

Your student experience

Studying at ACBI is more than attending classes - it's about becoming part of a vibrant community where people from all over the world come together with one goal: to create their future. Every day on campus you'll find opportunities to connect, share experiences, and grow, both personally and professionally.

We host frequent social and professional development events that bring students together, helping you build networks and grow social connections.

You'll learn directly from real industry professionals who share their expertise and insights, ensuring your education is practical and career-focused. By fostering strong connections with peers, trainers, and industry, we help create pathways to real job opportunities.

Together, we're not just studying for today - we're building a future, together.

Our campus

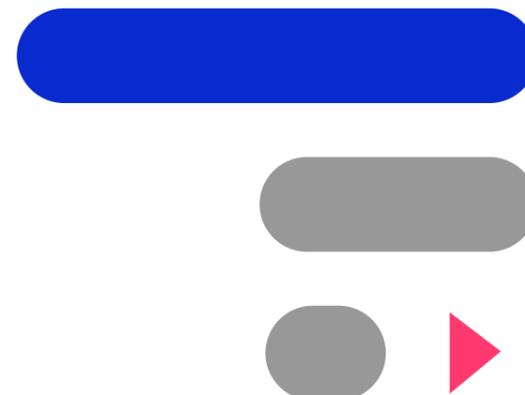

ACBI's campus is conveniently located in the heart of Sydney's CBD – only a 6 minute walk from Sydney's Central Station. You will find an array of cafes, parks, shopping destinations and more conveniently located around the campus.

CAMPUS FACILITIES

- High speed WIFI
- Student community areas
- Table Tennis & other student activities
- Computers for student use - Apple & PC
- Student kitchen facilities
- Air conditioning
- Library

DIVERSE STUDENT CULTURE

ACBI is proud to host a truly global student community, with learners from over 60 different nationalities. Our diverse cohort includes students from Asia, Latin America, Europe, and beyond, creating a dynamic and inclusive learning environment.

Domestic Students

STUDY 100% ONLINE, FIT STUDY AROUND YOUR LIFE.

ACBI offers qualifications that are 100% online. This means you can study in your own time, allowing you to fit your study around your work, family, and life commitments.

We want to support you on your learning journey, even if you're studying online. You can join regular online meetings with your trainer for learning support and assessment advice, and to see how the theory you're studying applies to real-world industry needs.

TAILOR YOUR ASSESSMENTS TO YOUR WORKPLACE OR BUSINESS

At ACBI, you have the flexibility to complete your assessments using case studies or by applying them directly to your current workplace, including your own business or start-up, so you can put your skills into practice and advance your career as you learn.

Recognition of Prior Learning & Credit Transfer

When you apply to study at ACBI, you can apply for Recognition of Prior Learning (RPL) or Credit Transfer (CT). RPL formally assesses your existing skills and knowledge against the qualification requirements, helping you fast-track your studies.

Credit Transfer allows you to receive credit for units you've already completed, reducing the time and coursework needed. To apply, submit relevant transcripts, certificates, or evidence of work experience, and our admissions team will guide you through the process and determine your eligibility.

International Students

WORKING WHILE YOU STUDY IN AUSTRALIA

In Australia, many students take on part-time jobs to help cover living expenses and gain valuable work experience in their field. Currently, Student Visa holders are permitted to work up to 48 hours per fortnight during study terms and unlimited hours during scheduled breaks. However, always check your visa conditions before starting any paid employment.

ACADEMIC PROGRESS & ATTENDANCE

International students may be reported for unsatisfactory academic progress and/or for unsatisfactory attendance as part of the Student Visa requirements under the Department of Home Affairs (DHA) regulations. For more details, please see the Student Handbook available on the ACBI website.

Work up to 48 hours per fortnight during each term

Unlimited hours during the break

Always check Visa conditions before accepting paid work

Your Path. Your Success. Your Story.

How to apply

1 SUBMIT YOUR APPLICATION: Submit an application through our online portal: <https://apply.acbi.edu.au>

2 RECEIVE YOUR LETTER OF OFFER: Our admissions team will review your application and assess your prior experience, LLND skills, and English language proficiency to ensure you meet all relevant entry requirements. If approved, you will receive a Letter of Offer and an Enrolment Acceptance Agreement, which includes important pre-enrolment information.

3 ACCEPT YOUR LETTER OF OFFER: After reviewing your Letter of Offer and pre-enrolment information, sign and return it to confirm your acceptance of the offer and the Terms and Conditions. You may then proceed with the initial payment to finalise your enrolment information.

4 RECEIVE YOUR CONFIRMATION OF ENROLMENT: Once our admissions team receives your signed Letter of Offer and initial payment, your enrolment will be finalised. Our Student Support team will then contact you with important information including log in details and class schedule.

5 WELCOME LETTER: We'll send you a welcome letter confirming your course enrolment and necessary details. International students will also receive an electronic Confirmation of Enrolment (eCOE), which is required to apply for a student visa through the Department of Home Affairs to study in Australia.

For more information about enrolment, entry requirements, or general enquiries, get in touch with us at:

1300 23 77 41 or info@acbi.edu.au acbi.edu.au or Level 5, 451 Pitt St, Sydney NSW 2000

5 Reasons to study with ACBI

DEDICATED TRAINERS

Be supported by enthusiastic and encouraging trainers. At ACBI, our trainers bring not only strong academic and teaching qualifications but also valuable industry experience. You'll learn how to apply theory directly to the real-world work environment.

NATIONALLY RECOGNISED QUALIFICATIONS

ACBI's qualifications are recognised across all Australian states and territories. Whether you choose a Certificate III, Certificate IV, Diploma, or Advanced Diploma, you'll graduate with a credential that is respected and valued by employers nationwide.

BE SUPPORTED WHILE YOU STUDY

When you study at ACBI, you'll have ongoing support to help you achieve your study goals. We also offer free professional development sessions on a regular basis, designed to build your skills in areas such as reporting, writing, and interview techniques.

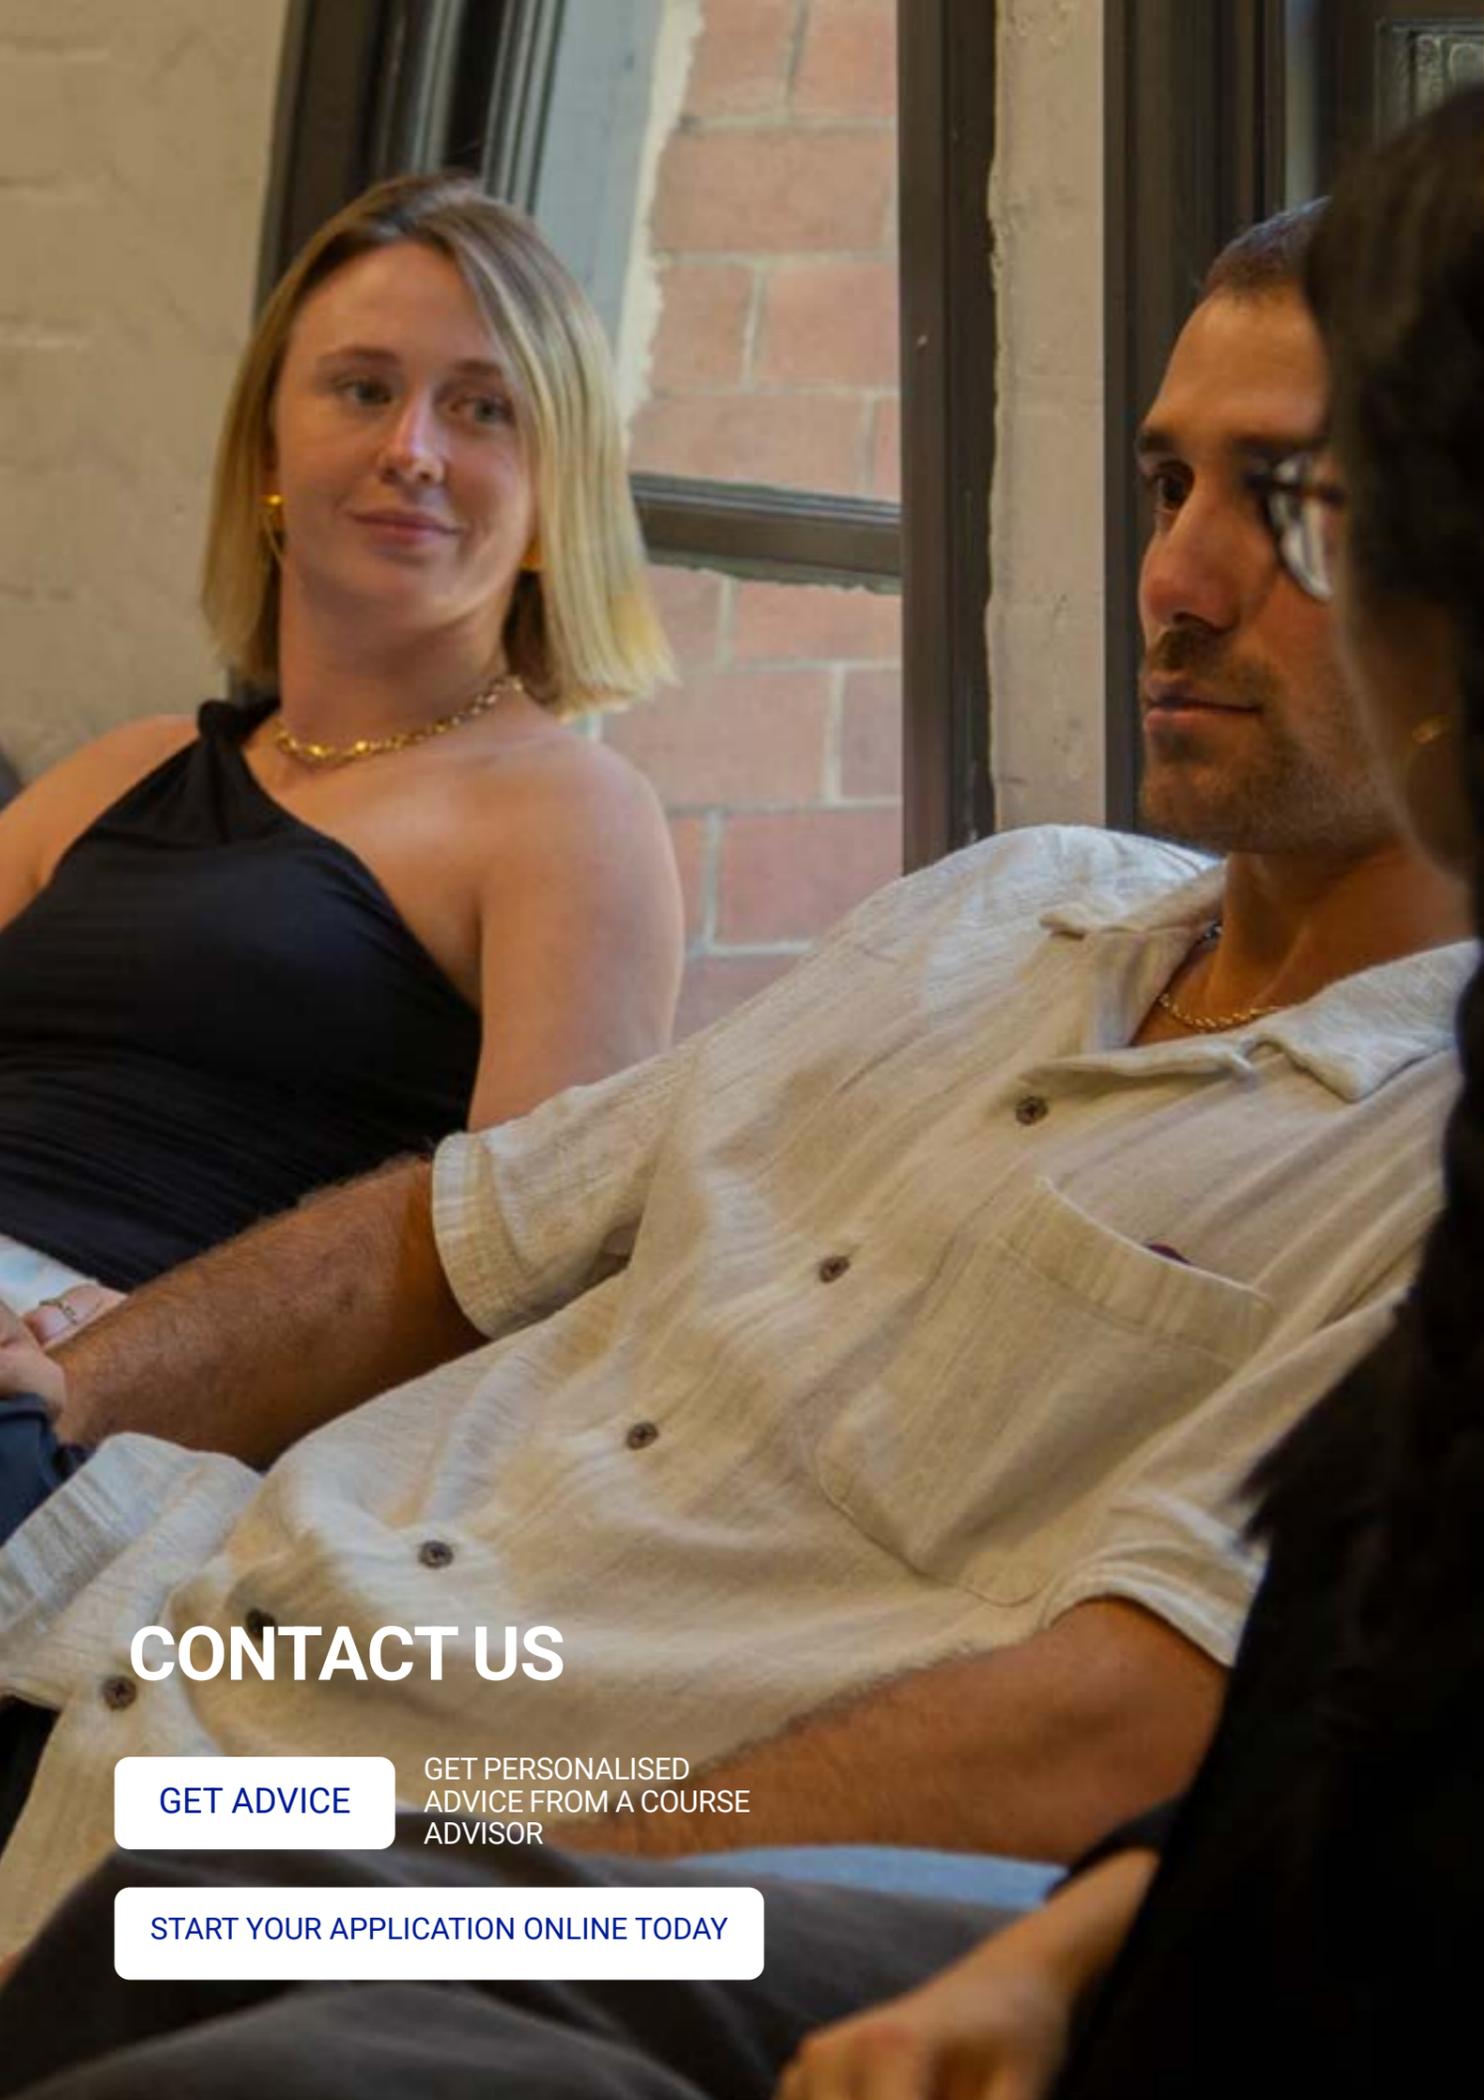

FLEXIBLE PAYMENT OPTIONS

We provide a range of flexible payment options to suit your needs. You can pay upfront or spread the cost over a number of instalments. Speak with one of our course advisors to find the option that works best for you.

CONVENIENT STUDY LOCATION

ACBI's Sydney campus located in the vibrant heart of Sydney, ACBI is close to major transport links, cafes and shops. If you're a domestic student, such as an Australian/New Zealand citizen, you may also have the option to study flexibly online.
