ACBI

11423NAT
ADVANCED DIPLOMA OF ARTIFICIAL INTELLIGENCE (AI)

NATIONALLY RECOGNISED TRAINING

- Learn how to use AI strategically
- Build your skills in AI governance, data management, AI transformation and more
- Be equipped to lead AI initiatives for an organisation

WHAT OUR STUDENTS SAY

"I personally really enjoyed studying at ACBI. You have case studies that you learn throughout the course where you apply different strategies, and you feel like you are doing something properly for a company. When you talk to other classmates, you can understand how people do things differently in the industry."

- Juan Verga, ACBI Graduate

"The weekly catch-up sessions with the group are incredibly helpful. ACBI offers excellent support and learning materials to assist with any issues you may have."

- Trish Grainger, ACBI Graduate

"I thoroughly enjoyed the studying an AI qualification at ACBI. Prior to completing the qualification, I didn't have a full understanding of Artificial Intelligence. I've now gained valuable knowledge and practical skills in using a range of AI tools, which are already benefiting my business. The trainer was highly supportive and responsive whenever I had questions about the assessments. I especially appreciated the engaging and enjoyable experience of using various AI tools."

- Carla Dim, ACBI Graduate

LEARN HOW TO USE AI STRATEGICALLY

Studying the 11423NAT Advanced Diploma of Artificial Intelligence will enhance your ability to lead strategic initiatives to improve AI governance, data management, productivity, AI-led innovation and AI-human workforces. It will also elevate your AI literacy and practical AI skills, building your ability to create customised AI assistants, apply foundational data science techniques and more.

By gaining an Advanced Diploma of Artificial Intelligence you'll open the door to a range of exciting career opportunities. Extending your AI skills can help you stand out to employers and get ahead in an area of business that you're currently specialised in (or working towards specialising in), such as operations, marketing, sales, HR, finance or leadership. It can also help you pivot into growing hybrid AI-business roles, such as being an AI Governance Specialist or AI Strategy Lead.

Gaining a range of strategic AI skills can help you be in demand. Director of Artificial Intelligence is the 4th fastest growing job in Australia (LinkedIn 2026) while AI Literacy was the fastest-growing skill in Australia in 2025 (LinkedIn 2025). Plus, AI-skilled workers globally experience an average 56% wage premium (PwC 2025).

If you're a graduate of the Diploma of AI (or hoping to be one), this course might be a great next step. As a Diploma graduate, you may be able to gain credit for two electives in this course. This means you would only need to study 8 units of competency, rather than 10, to gain your Advanced Diploma of Artificial Intelligence.

WHAT CAREER OPTIONS WILL I HAVE?

Key career opportunities for graduates include:

- AI Transformation Lead
- Data and AI Governance Advisor
- AI Consultant
- Automation and AI Manager
- AI Business Analyst
- AI Business Enablement Partner
- AI Data Analyst
- AI Strategy Manager
- AI Governance Lead

🏅	Qualification **Advanced Diploma**
▦	CRICOS Code **120013H**
👥	Study mode **100% online study (domestic students)** **Blended delivery (domestic and international students)**
⏳	Duration **52 weeks (international students)** **50 weeks (domestic students)**
△	Units **10 Units of Competency**

In partnership with **DTA** DIGITAL TECH ACADEMY

11423NAT
Advanced Diploma of
Artificial Intelligence (AI)

What will I learn?

The 11423NAT Advanced Diploma of Artificial Intelligence (AI) will equip you with the skills you need to use AI strategically within an organisation. You'll learn how to:

- Lead AI transformation within an organisation
- Build, test and refine customised AI assistant
- Create a framework of policies, processes and practices to support the ethical and responsible use of AI systems
- Plan for AI-human hybrid workforces and manage AI-based teams
- Develop data-driven insights using AI technologies and foundational data science techniques
- Use AI to inform strategic organisational decision-making and better manage work projects
- Develop AI governance and data management strategies, then oversee their successful implementation

Throughout this course, you'll develop your skills in using a wide range of low-code and no-code AI tools that you can instruct using English.

What are the entry requirements?

Domestic students:
- Have completed Australian Year 12 (or equivalent)
- Be at least 17 years of age
- Have technological literacy (ability to use and access a computer with word processing applications)

You will also need access to a computer with a reliable internet connection in order to complete this course.

International students:

- Have completed Australian Year 12 (or equivalent)
- Be at least 18 years of age
- Have technological literacy (ability to use and access a computer with word processing applications)
- Hold IELTS 6.0 English language equivalence if a non-native English speaker

You will also need access to a computer with a reliable internet connection in order to complete this course.

Note: ACBI assesses the suitability of international student applicants using a range of methods. These can include reviewing prior educational qualifications, English level, LLN and students' resumes.

What is the course duration?

This Advanced Diploma qualification has been designed to be completed within 1 year. This timeframe aims to allow students to fit their studies around their work, social and other commitments.
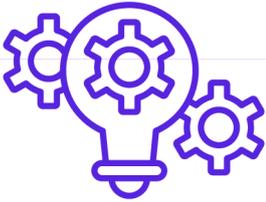

If you're studying as a domestic student, it's also possible to complete your qualification sooner with flexible 100% study online. For example, some of our Advanced Diploma graduates have finished their course within 9 months. If you're interested in completing this qualification in less than 50 weeks, chat with one of our Course Advisors to find out how.

Are there flexible payment plans?

Yes, we can give you the option to pay for your qualification upfront or to use a flexible payment plan. If you're interested in finding out more about payment options, have a chat with one of our Course Advisors.

# STUDY NATIONALLY RECOGNISED UNITS

NAT11423001
Lead Artificial Intelligence driven business transformation
Be ready to navigate digital transformation in an AI-focused world. Discover how to assess organisational readiness for AI change. Then plan AI business transformation and build employees' support for AI-driven changes.

NAT11423002
Design an Artificial Intelligence workforce
Learn how to determine the requirements for a AI-human hybrid workforce and develop an AI workforce strategy. Also discover best practices for getting human employees to work effectively alongside their AI counterparts.
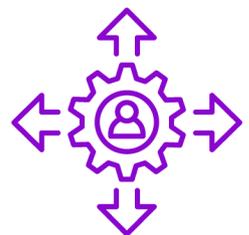

NAT11423003
Implement data science using Artificial Intelligence
Build your understanding of key data science concepts. Be equipped to use a combination of AI technologies and data science principles to effectively analyse data.

NAT11423004
Use Artificial Intelligence for strategic decision-making
Discover how you can develop decision-making frameworks. Then use AI workflows to analyse different options and inform your strategic decisions.
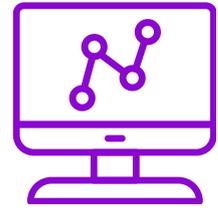

NAT11423005
Use Artificial Intelligence technology to manage projects
Learn to oversee and complete your work projects in smarter, more efficient ways. Be equipped to leverage AI to make project predictions, automate repetitive project tasks, optimise project resources and analyse project performance.

NAT11423006
Create custom Artificial Intelligence assistants

Build your understanding of AI agent and AI assistants. Discover how to analyse workplace tasks and identify opportunities for delegating tasks to AI. Then create your own customised AI assistants using readily accessible no-code and low-code tools.
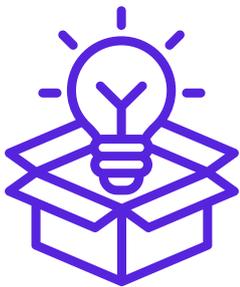

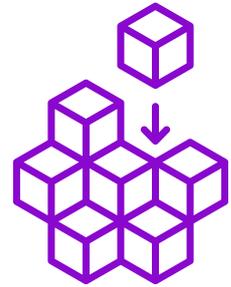

NAT11423007
Develop and implement an Artificial Intelligence governance strategy

Grow your understanding of key considerations relating to AI governance, including AI transparency, data governance, AI explainability, risk management and more. Be equipped to build and implement strategic AI governance strategies.

NAT11423008
Prepare an Artificial Intelligence data strategy

Discover how organisations can better leverage their data. Develop your knowledge of important AI data management techniques and processes. And learn how to prepare effective AI data strategies for an organisation.
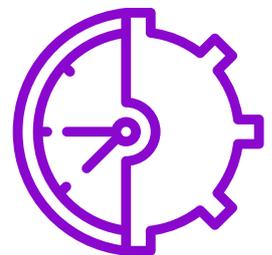

NAT11423009
Apply Artificial Intelligence for creativity and innovation*

Build your knowledge of the innovation lifecycle and key creativity principles. In this unit, you'll learn how to critically assess organisational innovation. Then develop and promote strategies for using AI to support innovation.

NAT11423010
Use Artificial Intelligence to increase organisational productivity*

Explore how AI can be leveraged to streamline workplace activities, increase efficiency and improve business outcomes. In this unit, you'll discover how organisational productivity can be analysed. You'll also learn how to develop and implement AI initiatives designed to enhance productivity.

5 REASONS TO STUDY WITH ACBI

1. Students are our number 1 priority

Here at ACBI, we want to see you shine! Our dedicated team are here to help make sure your learning enjoyable and that you gain relevant skills. Our student support team can also assist you with any questions you may have throughout your time with us.

2. Dedicated and experienced trainers

Be supported by knowledgeable, enthusiastic and encouraging trainers. At ACBI, our trainers not only have great academic and teaching qualifications but also relevant industry experience. You'll learn how to apply theory to the real world of work.

3. Study with a trusted training provider

ACBI is an established Registered Training Organisation that has been helping our students achieve good course outcomes over 12 years. When you complete your Advanced Diploma of Artificial Intelligence at ACBI, you'll join over 4,500 graduates who've had success studying with us.

4. Flexible payment options

We can offer you a number of different options when it comes to payment. From paying for your qualification upfront to paying over a number of instalments, you can enjoy flexibility. Talk to one of our course advisors to find out what arrangement may be most suitable for you.

5. Apply your learning to your workplace

If you're currently working, or if you have your own startup or small business, you'll have the choice of applying your assessments to your workplace. This means you can develop your practical skills in real world settings. Alternatively you can choose to use realistic case studies or simulated businesses for your assessments.

"I've completed 3 diplomas with ACBI and only have good things to say about my time with the college. The curriculum is very complete and hands-on. All the trainers I've had were highly qualified and the staff always provided me and other students with amazing support. I can't recommend ACBI enough."

- Manoela Prusch, ACBI Graduate

"As a result of studying at ACBI, I was able to significantly boost my digital abilities. I found the units to be very interesting, well-structured, and filled with all of the useful and necessary information to complete the assessments. I found the staff to be quite helpful and eager to assist students. My teacher was well-prepared and concerned about the students' future."

- Claudia Salvati, ACBI Graduate

"What I love about ACBI is the industry experience that the teachers have. The course gives good insight into the real-world environment, and the support staff are fantastic here. Since I started, they've been super helpful."

- Raj Naidoo, ACBI Graduate

CONVENIENT STUDY MODES

FLEXIBLE 100% ONLINE LEARNING

The Advanced Diploma of Artificial Intelligence gives the option for domestic students to study 100% online. This allows you to study flexibly from the comfort of your own home (or any other place that's convenient for you).

You'll be empowered to study in your own time, with regular scheduled online meetings with your trainer to provide you with learning support and assessment advice.

ACBI's academic team will also support you in structuring your studies and using a study plan so that you stay on track.

FACE TO FACE ON-CAMPUS LEARNING

This qualification is available in a face-to-face learning format, allowing you to attend in-person sessions with a dedicated facilitator. This approach offers the chance to engage directly with the trainer and fellow students, providing a collaborative environment to explore course content and share ideas within the classroom.

You will also have access to our online learning platform, where you can find your course materials and assessments. The platform provides additional study resources, facilitates communication with trainers and peers, and enables you to upload assignments, view your grades, and connect with a study buddy.

GAIN RECOGNITION OF PRIOR LEARNING AND STUDY

RECOGNITION OF PRIOR LEARNING (RPL)

When you apply to study at ACBI, you have the option to apply for Recognition of Prior Learning (RPL).

This involves the assessment of your skills and knowledge against the requirements of a qualification. It removes the need for duplication of learning and can save you time and money. RPL may be relevant to you if you have experience working in one or more professional roles.

For more information, please refer to our Student Handbook or email info@abci.edu.au.

APPLYING FOR CREDIT TRANSFER (CT)

If you have studied an Australian qualification before, you may be able to receive a Credit Transfer (CT) for any units that you have previously studied.

To receive a credit transfer for a unit, you must provide formal evidence that you've previously completed the unit. Formal evidence can be a qualification transcript, qualification certificate, statement of attainment or your USI transcript.

For more information, please refer to our Student Handbook or email info@abci.edu.au.

FURTHER INFORMATION FOR DOMESTIC STUDENTS

FIT STUDY AROUND YOUR LIFE

You can study this qualification 100% online. This means you can flexibly study in your own time around your work, family, and life commitments. Alternatively, you can attend in-person classes at our convenient Sydney CBD campus.

To support your study, you can participate in regular online support sessions with your trainer. These sessions provide learning support and assessment advice. They're also a chance for you to gain insights from your trainer about how any theory you're learning applies to the real world.

TAILOR YOUR ASSESSMENTS TO YOUR WORKPLACE OR BUSINESS

With ACBI, you have the flexibility of using a case study for your assessments or applying assessments to your current workplace. You can even use your own business, including your own start-up. The choice is yours.

You'll also have the flexibility to choose which assessments you apply to your workplace or business and which you use a case study for.

FURTHER INFORMATION FOR INTERNATIONAL STUDENTS

STUDY IN THE HEART OF SYDNEY

ACBI has a campus conveniently located in the Sydney CBD. Our campus is less than 10 minutes' walk from Sydney's central station and is close by to a range of food options. ACBI's Sydney campus features include:

- Computers in common areas
- Well-equipped, spacious classrooms
- Fully air-conditioned throughout
- Free wi-fi for students to use
- Beverage and snack vending machines
- Filtered drinking water

BE PART OF A SUPPORTIVE AND MULTICULTURAL STUDENT COMMUNITY

When you study at ACBI, you'll join a diverse and vibrant student community. From on-campus social activities to off-campus events, ACBI's supportive staff strive to ensure that our students have enjoyable and memorable student experiences.

For more information on studying at ACBI as an international student, including details on working while you study and academic attendance requirments, please refer to ACBI's Student Handbook.

HOW TO APPLY

STEP 1: SUBMIT YOUR APPLICATION

Complete ACBI's online application form. You can save your application and return to it later.

Start your application

STEP 2: ACBI REVIEWS YOUR APPLICATION

Once you've submitted your application, our Admissions Team will check your application to make sure we have everything we need. If we need anything further to progress your application, we'll contact you or your education agent.

STEP 3: ACCEPT YOUR LETTER OF OFFER

If your application is successful, we will issue an offer including an official Letter of Offer and Enrolment Acceptance Agreement document. These documents will be provided to you or your education agent.

STEP 4: RECEIVE ENROLMENT CONFIRMATION

We will provide you or your education agent with a copy of your electronic Confirmation of Enrolment (CoE). If you are an international student, this document is essential for the student visa application process. You will also separately receive a welcome email and information on any relevant orientation sessions.

STEP 5: APPLY FOR A STUDENT VISA (IF REQUIRED)

You will now need to apply for your visa to travel to Australia. Please refer to the Department of Home Affairs website for details: https://immi.homeaffairs.gov.au/
